OWNGROUND / FREE STARTER

Your 5-step visual quick start

Open. Fill in. Save. Share with AI. Check the answer.

1 OPEN THE FOLDER

Unzip OwnGround Starter. Keep the three Markdown files together.

OwnGround-Starter/ start-here.md business.md rules.md

2 FILL IN BUSINESS.MD

Right-click > Open with > Notepad. Replace [Your answer] with your facts.

Business Name
Example Lawn Care (fictional example - write your own business name)

3 FILL IN RULES.MD, THEN SAVE

Add your business limits and approvals. Keep the default AI safety rules.

Pricing and Quotes: Final prices require owner approval.
File > Save (or press Ctrl + S)

4 SHARE THE TWO FILES WITH AI

Attach business.md and rules.md, or paste their text into your chat.

Then copy the AI instruction from start-here.md.
Never include passwords or sensitive customer details.

5 ASK A QUESTION AND CHECK THE ANSWER

Start with a simple question. Compare the answer with your own files.

Try: What services does my business offer?
If the answer is wrong or outdated, correct the file and share it again.

YOUR READY-TO-COPY AI INSTRUCTION

Use my business.md and rules.md as reference. Do not invent missing facts.
Ask me when information is unclear. Do not act without my approval.

Illustrated examples, not actual application screenshots. No special software required.
